User Research & Usability Testing • User Flows & Journey Mapping • Information Architecture • Wire framing (Low & High Fidelity) • Prototyping • Responsive & Mobile App Design • User-Centred Design

Design Tools

Figma • Adobe XD • Adobe Photoshop • Adobe Illustrator • Microsoft PowerPoint

Design Systems

Component-Based UI Design • Style Guides • Visual Consistency • Reusable UI Components

Front-End UI Knowledge

HTML • CSS • Bootstrap • Tailwind CSS • Basic Angular • Basic React

Collaboration & Handoff

Jira • Slack • Notion • Developer Handoff • Zeplin

AI Design & Productivity

AI-Assisted UX Writing & Content Generation • User Research Synthesis Using AI Tools • Prompt Design for UI/UX Workflows • Rapid Prototyping & Ideation Using AI Tools • ChatGPT • Claude • Midjourney / DALL-E • Figma Make

PROFESSIONAL EXPERIENCE

UI/UX Designer | Product Designer | Graphic Designer

OASYS Cybernetics Pvt. Ltd. — Chennai, India | 2023 – Present

- Design user-centric interfaces and digital experiences across 6+ enterprise and consumer products.
- Work across the product design lifecycle, from understanding business requirements to designing user flows, interfaces, prototypes, and design systems.
- Collaborate with engineering, QA, business stakeholders, and domain teams to translate requirements into practical UI/UX solutions.
- Create responsive web interfaces and mobile experiences with a focus on usability, consistency, and visual clarity.
- Support front-end UI implementation using HTML, CSS, Bootstrap, and Angular.

KEY PROJECTS

TNPDS — Tamil Nadu Public Distribution System

- Designed UX solutions for a government platform supporting ration card-related services.
- Designed user flows and interfaces with consideration for accessibility and users with varying levels of digital literacy.
- Created a scalable component library and consistent UI patterns.
- Supported front-end UI implementation using Angular, HTML, CSS, and Bootstrap.

Tools: Figma • Angular • HTML • CSS • Bootstrap

OASYS Pay — Digital Payment Platform

- Designed a digital payment product from the ground up.
- Designed key experiences including on boarding, P2P transfers, transaction history, and security flows.
- Focused on clear interactions, trust signals, and a frictionless payment experience.

Tools: Figma • Angular

UP Excise — Excise Department Portal

- Designed information architecture and end-to-end user flows for a complex licensing and taxation system.
- Simplified complex business workflows into intuitive dashboards and interfaces for government officers.
- Worked with domain experts to understand requirements and translate them into UI/UX solutions.

Tools: Figma • Angular • HTML • CSS • Bootstrap

Prime Trip — Travel & Booking Platform

- Designed the end-to-end booking experience from trip discovery through hotel reservation confirmation.
- Created visually engaging interfaces while maintaining clear navigation and conversion paths.

Tools: Figma • Photoshop

OASYS Employee Portal

- Designed and implemented an internal employee portal covering attendance, leave management, and employee profiles.
- Developed consistent UI patterns and supported the design system across the portal.
- Supported front-end implementation using Angular, HTML, CSS, and Bootstrap.

Tools: Figma • Angular • HTML • CSS • Bootstrap

Graphic Design — Branding & Marketing

- Designed branding and marketing materials for internal and client-facing requirements.
- Created calendars, posters, banners, table-top designs, PowerPoint presentations, and flow diagrams.

Tools: Photoshop • Illustrator • PowerPoint • Figma

EDUCATION & CERTIFICATION

Bachelor of Engineering — Computer Science

Jaya Engineering College | 2021

CTECH — UI/UX Design & Graphic Design

Image Creative Education | 2023

ADDITIONAL DESIGN CAPABILITIES

- Responsive web and mobile interface design
- Component-based UI design and style-guide driven consistency
- UX documentation, flow diagrams, and presentation design
- Graphic design and marketing collateral creation
- Collaboration with business, engineering, QA, and domain stakeholders
- Developer handoff and UI implementation support

SELECTED TOOLS

Figma • Adobe XD • Photoshop • Illustrator • PowerPoint • HTML • CSS • Bootstrap • Tailwind CSS • Angular • React • Jira • Slack • Notion • Zeplin • ChatGPT • Claude • Midjourney / DALL-E • Figma Make
